

Home Brewing for Beginners

ibrew.com.au
the online division of Bett-A-Brew Australia

Make a start at a new and rewarding hobby today!

The right equipment and ingredients, backed up with proven easy to follow instructions, can set you on the path to a satisfying and rewarding hobby first go...and remember you are not sacrificing taste because it costs less than commercial beer. Bett-A-Brew beer packs are a blend of selected high quality brewing grade barley malts, Hops and yeast...**All natural ingredients to produce all natural beer.**

How many hobbies actually save you money.. It costs between 45-60cents per bottle to make your own quality home brewed beer. Not to mention the reward and satisfaction of mastering the art of brewing.

At Bett-A-Brew we know the importance of starting your hobby off with the most useful equipment. Our experience retailing brewing and wine making equipment for over 25 years has shown that people who start brewing with us, are so thrilled with the results they have no hesitation in branching out and making wines and cider as well.

Bett-A-Brew Beer Kits come complete with the right selection of equipment to

ensure successful, trouble free brewing, whatever you choose to brew. You can start with our 23 litre beer kit as shown or let us make up a kit to suit your requirement. e.g. 60 litre or 120 litre. You can choose your favourite beer type with our beer kits. **The choice is yours.**

Our range consists of:

1.9kg liquid concentrate Beer Packs including:

- Tropical Dry Ale
- Export Bitter
- Premium Lager
- Gold Lager
